About Hyundai Motor

Established in 1967, Hyundai Motor Company is present in over 200 countries with more than 120,000 employees dedicated to tackling real-world mobility challenges around the globe. Based on the brand vision 'Progress for Humanity,' Hyundai Motor is accelerating its transformation into a Smart Mobility Solution Provider. The company invests in advanced technologies such as robotics and Urban Air Mobility (UAM) to bring about revolutionary mobility solutions, while pursuing open innovation to introduce future mobility services. In pursuit of sustainable future for the world, Hyundai will continue its efforts to introduce zero emission vehicles equipped with industry-leading hydrogen fuel cell and EV technologies.

About Hyundai Motor Europe HQ

Hyundai Motor Europe HQ was formally established in 2000 with its main office in Offenbach, Germany. It is the regional headquarter responsible for over 40 markets with more than 3,000 outlets, taking 3.6 per cent market share in 2020 (ACEA data).

About Hyundai Motor UK

Hyundai has sold vehicles in the UK since 1982. In 2005, Hyundai opened its own UK subsidiary, Hyundai Motor UK Ltd, which is now based in Leatherhead, Surrey. As of January 2021, Hyundai has one of the youngest product ranges of any manufacturer, with almost all models younger than 1 ½ years old. More than 75 per cent of the Company's line-up is now available as an electrified version, and the company plans to electrify its entire range by 2025. Furthermore, Hyundai is a pioneer in zero-emission mobility, including its fully-electric 300-mile range Kona Electric, its second-generation fuel cell electric vehicle NEXO, and the soon-to-be launched battery-electric IONIQ 5, the first model in its new IONIQ line-up brand. All passenger cars come with Hyundai's unique Five Year Unlimited Mileage Warranty package,

providing customers with a five-year warranty with unlimited mileage, five years of roadside assistance and five years of vehicle health checks. The High Voltage battery warranty is 8 years or 100,000 miles.
