

News Release

Hyundai Motor UK announces IONIQ 9 range pricing, specification and technical information

- Prices start from £64,995
- 110kWh battery provides 385-mile range (WLTP)
- Built on Hyundai's E-GMP with 800V fast charging architecture
- The first Hyundai model to feature smart Hyundai Al Assistant

LEATHERHEAD, 14th July, 2025 -

IONIQ 9 Pricing

Model	Insurance Group	Recommended OTR	P11D Value	BIK	BIK 20%	BIK 40%

About Hyundai Motor Company

Established in 1967, Hyundai Motor Company is present in over 200 countries with more than 120,000 employees dedicated to tackling real-world mobility challenges around the globe. Based on the brand vision 'Progress for Humanity,' Hyundai Motor is accelerating its transformation into a Smart Mobility Solution Provider. The company invests in advanced technologies such as robotics and Advanced Air Mobility (AAM) to bring about revolutionary mobility solutions, while pursuing open innovation to introduce future mobility services. In pursuit of sustainable future for the world, Hyundai will continue its efforts to introduce zero emission vehicles equipped with industry-leading hydrogen fuel cell and EV technologies.

More information about Hyundai Motor and its products can be found at: <u>https://www.hyundai.com/worldwide/en</u> or <u>https://www.hyundai.com/worldwide/en/newsroom</u>

About Hyundai Motor Europe HQ

Hyundai Motor Europe HQ was formally established in 2000 with its main office in Offenbach, Germany. It is the regional headquarters responsible for selling vehicles in 47 European countries through 2,279 sales outlets, holding a 4.2 per cent market share in the first three quarters of 2023. More than 70 per cent of the vehicles Hyundai sold in the region are models engineered, tested, and built in Europe to meet the needs of European customers, served by the company's Czech and Turkish production plants.

In the third quarter of 2023, around 16.1 per cent of Hyundai cars sold in Europe were zero-tailpipe-emission vehicles (BEVs and FCEVs), including respective World Car of the Year 2022 and 2023 winners IONIQ 5 and IONIQ 6. This makes Hyundai one of the leading manufacturers in terms of fleet share as well as total sales of zero-tailpipe-emission vehicles in Europe, as the company transitions to becoming a Smart Mobility Solutions Provider.

More information about Hyundai Motor Europe HQ and its products is available at <u>www.hyundai.news</u>. Follow Hyundai Motor Europe HQ on Twitter <u>@HyundaiEurope</u> and Instagram <u>@Hyundai.Europe</u>

About Hyundai Motor UK

Hyundai has sold vehicles in the UK since 1982 with its UK HQ based in Leatherhead, Surrey. As of February 2024, Hyundai has one of the youngest product ranges of any manufacturer, with almost all models younger than a year old. Hyundai is a pioneer in zero-emission mobility, including the fully electric, multi-award winning IONIQ 5 N, IONIQ 5, IONIQ 6, and KONA Electric ranges joined by the All-New INSTER, Hyundai's latest EV offering launched in 2024, and second-generation fuel cell electric vehicle NEXO, as well as its advanced hybrid and plug-in hybrid Tucson and Santa Fe models. All new passenger cars come with Hyundai's unique Five Year Unlimited Mileage Warranty package, providing customers with a five-year warranty with unlimited mileage, roadside assistance package, five years of vehicle health checks and an EV High Voltage battery warranty of 8 years or 100,000 miles. Buyers of used Hyundai models are also protected by the industry leading Hyundai Promise Approved Used Cars program.

Hyundai Motor UK sales grew 5.4% year-on-year during 2024, selling 91,800 vehicles and increasing market share by 0.1%pts to 4.7%, with the TUCSON as best-seller, accounting for 35% of all cars sold. This follows an 8.3% year-on-year sales increase during 2023 when the company sold 87,100 vehicles in the UK. More than 50% of Hyundai Motor UK's 2024 sales were of electrified Hybrid, Plug-in Hybrid or full battery Electric alternative fuel vehicles, with sales of full battery Electric Vehicles growing by 4,400 units to just under 18,000 units.
